# DONI WAHYUDI

Data Engineer
Pancoran Mas, West Java, Indonesia
Email: whydoni63@gmail.com

## WORK EXPERIENCE

**BTPN Syariah – Jakarta Selatan, Indonesia**

**Technical Lead – Data Engineering | June 2023 - Present**

• Led a team of data engineers in developing scalable data pipelines.

• Designed and implemented data solutions supporting business intelligence and reporting.

• Ensured data integrity and governance across distributed systems.

**Data Engineer | October 2021 - May 2023**

• Built and optimized ETL pipelines for structured and semi-structured data.

• Designed data marts to support decision-making and reporting.

• Developed real-time dashboards using Tableau to visualize and monitor key business metrics across departments.

**Data Engineer – On-the-Job Training | January 2021 - September 2021**

• Supported data pipeline development and performance monitoring.

• Assisted in data analysis for operational efficiency.

• Participated in agile projects, contributing to infrastructure enhancements.

**Fullstack Developer – ShiftED Program | October 2020 - December 2020**

• Completed intensive full-stack software engineering training focused on sharia banking systems.

• Built responsive web applications using React and Node.js.

• Delivered end-to-end solutions in a fast-paced, agile environment.

## EDUCATION

**IPB University (Bogor Agricultural University)**

Bachelor of Science (BS) in Mathematics

Graduation Year: 2022

## SKILLS

**Programming**: Python, SQL, Java, JavaScript, React.js

**Development** Tools: Android Studio

**Data Engineering**: SSIS, Apache Spark, Kafka

**Cloud Platforms**: AWS (Step Functions, Glue, Lambda, Redshift, API Gateway, DMS)

**Databases**: SQL Server, MySQL

**Data Visualization**: Tableau

**Version Control**: Git, GitLab

## CERTIFICATIONS

BTPN Syariah – Tech Bootcamp (ShiftED) Batch 2, G2Academy – December 2022

## LANGUAGES

Indonesian – Native

English – Strong working proficiency; comfortable in professional and technical environments

## PROJECTS

**Mentor – MSIB Kampus Merdeka Program**

February 2022 – June 2023

• Mentored students participating in the MSIB Kampus Merdeka Program, focusing on Data Engineering, Data Visualization using Tableau, and Data Streaming with Kafka.

• Guided students in developing data pipelines, designing visualizations, and implementing real-time streaming solutions.

• Supported students in overcoming technical challenges and achieving program milestones.
